

Wrapping Up Checklist

Spencer Smith

September 4, 2025

The following checklist is relevant when concluding your project in the SE capstone course.

- Repo looks good for potential employers
 - ☐ Repo name is meaningful (not generic name with capstone in it)
 - ☐ Extra folders that you didn't use are deleted
 - ☐ SRS template that you didn't use are deleted
 - ☐ Your repo has a license
 - ☐ Your repo has a README file that helps people visiting your project
